

Computer Science 3
Web Development
Formative Assessment 2

Instructions:

Copy the codes below and create an external stylesheet based on the following requirements:

```
<!DOCTYPE html>
<html>
<head>
  <title>Module 5.4</title>
</head>
<body>
  <h1>Office Productivity</h1>

  <p> The book contains <span>MS Word 2010, MS Excel 2010, MS
PowerPoint 2010 and MS Outlook 2010</span>. The book aims to educate the
students in creating documents, worksheets, presentations and organization
using different software that may work relatively. </p>

</body>
</html>
```

Style specifications:

1. The page should have a background image that is centered and not repeated.
2. The heading is centered, with a background color (in HEX format) and font family of your choice. It should have a 2px dotted blue border, and a 10px padding at its top and bottom and a 15px padding on its right and left. The width of the box should be 250px, with a margin at the bottom of 20px.
3. The paragraph should be justified and italicized, with background color (in HSL format) of your choice. It should have a padding of 20px on all sides and a 3px black border with different border styles (of your choice) on each side. The width of the paragraph should be 500px.
4. The element should be bold, italicized and with a different font color (of your choice) in RGB format). It has a margin of 2px and 5px for left and right, respectively.

Rubric:
